Tales from the Treetops
Year 6 Terms 3 & 4

Welcome back to an exciting start to the New Year!
As well as all our preparation for SATs, our topic this term will involve us discovering all about what rainforests are and locating them on world maps.
During the course of our topic, we will investigate the layers of the rainforest and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts.
We will focus on the Amazon and Congo rainforests and their characteristics.
We will discover the diverse fauna and flora that thrives in this habitat, learn about different tribes and the impact of deforestation.

Year 6 SATs

With SATs only a few months away, we will be starting the term at full speed; supporting the children as they prepare for their end of year assessments.

We will continue with weekly reading, grammar and maths homework. This will be given out on a Friday to be completed for the following Friday.

Please continue to support your child at home with reading, discussions and continued practice of times tables.
SATS week 11th—14th May 2026.
Please ensure that you have no holidays booked during this time. **Please do make us aware ASAP of any queries you may have.**

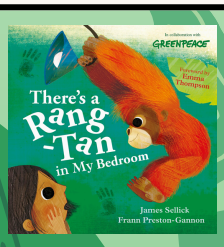
R.E and Christian Values

Our Christian values this term are Courage and Compassion, whilst also focussing on Perseverance and Forgiveness.
This term in R.E we will be following the new Lincolnshire RE curriculum, exploring big questions about belief, trust and values through Christianity, Islam and non-religious worldviews, while developing thoughtful discussion and critical thinking skills.



Please remember our door is always open, come and see us if you have anything you wish to discuss.
