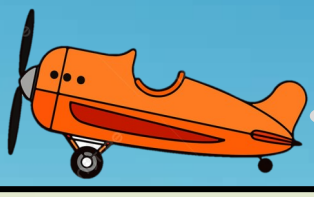
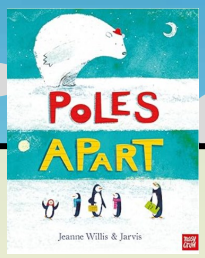
Reception

Term 5 and 6, 2025-26





Poles Apart

This term, we will begin by comparing and contrasting the North and South Pole. We will be little explorers and find out which animals live where! Do you know where penguins live? We find out how penguins persevere through blizzards by sharing nonfiction and fiction texts such as Poles Apart and Egg to Penguin.

Our Christian Values

We will be thinking about Hope and Humility. We will revisit Trust and Thankfulness

Character Education

Our Character Education trait this term is

Empathy

Let's have some brrrr-illiant animal fun!

Carrying on as little explorers in our **'Poles Apart'** topic, we will learn about hot habitats around the world and which animals might live there, as well as how they have adapted to their environment. What do you know about 'camouflage'?

Hoist the anchor, we're going on an adventure!

It's a pirate's life for me!

Term 6 we start our Commotion in the Ocean topic in style with our Pirate Day on **Friday 5th June**. We get into character by wearing our best pirate outfits and making telescopes to help us hunt for treasure. On **Wednesday 20th May** we will take part in a fantastic Partake Theatre Company workshop– '*Pirate Island*'!

In Term 6, we will learn through the topic **'Commotion in the Ocean'**. We will learn about pirates from the past, design and build our own pirate ships and draw treasure maps. After this, we will learn about ocean habitats, sea creatures and floating and sinking.

Thank you for your continued support. Our door is always open.

TAPESTRY
ONLINE LEARNING JOURNAL

Please continue to share 'WOW 'moments from home through Tapestry. We would particularly like to see examples of the children showing Empathy – our Character Education trait of the term.

Article 29:
Every child has the right to be the best they can be.
