Year 3

GEOGRAPHY

In Geography, we will be locating South America and Rio- identifying key features, looking at daily life and comparing Brazil with the United Kingdom.

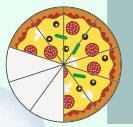
RE

We will be exploring philosophical questions. We will deepen our understanding of right from wrong.

This term's Jigsaw focus is relationships and dealing with change. Our RSE programme teaches about the human life cycle, growing up, personal responsibilities and families.

MATH

We will be developing our Maths Mastery in place value, addition and subtraction as well as multiplication.



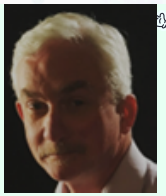
MUSIC

Producing and performing rhythmic patterns as part of a whole class composition with brass instruments.

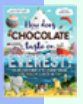
SCIENCE

We are what we eat

Understanding the 5 food groups and how the nutrients found in these groups contribute to a balanced diet. Understanding the functions and types of different skeletons, including how muscles and joints allow us (humans) to move. Sorting animals into groups based on their diets.



English



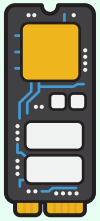
Writing non-chronological reports inspired by the Great Adventurers book about Lakpa Rita Sherpa Rick Hansen.
We will be using the 5 senses to write a narrative around the book 'How does Chocolate taste on Everest'.

Spanish

This term in Spanish the children will be taught three high frequency verbs in the 1st person singular form. The verbs are: 'to be', 'to have' and 'to live'. Through the medium of this period of history, pupils will pretend to be characters from the Stone, Bronze and Iron Age.

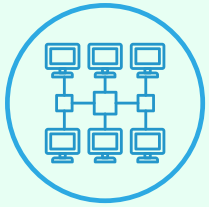
DREAM BIG

COMPUTING!



Programming

We will be creating our own programming projects involving moving a sprite and adding features.



We will be understanding the meaning of architecture and exploring important pieces in the Western world. We will be learning about symmetry and the inspiration behind certain pieces of architecture, such as Gaudi and nature.

ART
