Dear Parent/Carer

CHANGE IN THE CONSENT PROCESS FOR SCHOOL VACCINATIONS

We're writing to let you know about a change to how you'll be asked to give consent for school vaccinations.

From August, our local NHS school age immunisation service will contact parents/carers directly to ask for consent to administer your child's annual flu vaccination.

You'll receive an email or text message from the NHS with a link to an online consent form.

You can use the online form to:

- give consent for your child to be vaccinated
- say you do not want your child to be vaccinated
- update your contact details if needed

Filling in the form will be quick and easy. It's important to respond, even if you do not want your child to be vaccinated.

To allow the NHS immunisation team to contact you, we will share the following information under the lawful basis of public interest:

- your child's name, date of birth, postcode and school class
- your email address and mobile phone number

These details will only be used to send messages about your child's vaccinations. Your personal data will be stored securely in line with NHS data security standards. Only authorised members of the immunisation team and the digital service team can access your contact details.

You can find more information about the school age vaccination schedule on the NHS website.

If you have questions about vaccinations or the online consent form, please contact the immunisation team at 01522 572950.

If you have questions about how the school shares information, please contact our school office.

Yours sincerely

Jordan

Mrs L Jordan
