10th December 2020

Dear Parents/Carers,

Breakfast and Kids' Club

Since September we have been operating with a reduced number of children in our Breakfast Club and Kids' Club in accordance with our 'live' COVID-19 risk assessment. Following our latest weekly review of that risk assessment, we now feel confident that we can safely slightly increase the number of children able to attend in the morning and afternoon.

Where possible, children will be kept with peers who are in their class bubble and we will, for as long as weather allows, continue to utilise the areas outside school to maximise social distancing. Where children do have to mix with children from different bubbles, we will ensure that they are kept in small, consistent groups as far as this is possible.

We understand how important wraparound care is for our children and families and will continue to review our arrangements alongside our 'live' COVID-19 risk assessment.

Please feel free to contact me if you have any questions or concerns.

Yours sincerely
