Dear Parents/Carers,

Helping our children use the internet safely has never been more important. To help parents and carers support their children to enjoy all the benefits the online world has to offer, the Lincolnshire Safeguarding Children Partnership and the Stay Safe Partnership have created a video to give you information about some of the risks that we teach children in Lincolnshire about and how you can manage their use of technology at home. The video is available to view on the LSCP YouTube channel using the link below.

In addition to this link, we have attached two documents from the Children's Commissioner which will provide further guidance and support on digital safety and well-being for you and your child/ren whilst you are working and learning at home.

If you have any questions or require any further support please contact the school office or email BEP.enquiries@abbeyacademies.co.uk

Yours sincerely

Mr P Bellamy
Acting Head of School
