

10th February 2021

Dear Parents/ Carers,

RECEPTION PATTERN DAY

This term we have been learning about different animals and their habitats. Not only have we been learning about the Arctic and Antarctic and the animals that live in a colder climate but we have also been learning about those animals who prefer a hotter climate.

This week we are using the book Elmer - an elephant in the David McKee stories. Many of our lessons both in school and on Seesaw are linked to these books, elephants and patterns.

To celebrate all the marvellous learning that has been going on at home and in school we would like to end Term 3 with a Pattern Parade. For this we would like all the children in Reception to wear the brightest, most patterned clothes they already have on **Friday 12th February**, as noted in our Reception termly newsletter for an Elmer themed Friday.

For us to create a parade, we would kindly ask you to send your class teacher a photo of your child in their bright, patterned clothes via Seesaw (For the children of key workers that are attending school on Friday the teacher will take the photo). We will then use the photos of those children for whom we hold photo permission within our Teams celebration session.

Thank you for your co-operation.

Yours sincerely

The Reception Team
