

# What's For Lunch, Bert?

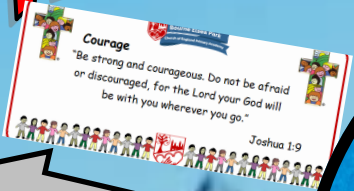

## Mathematics

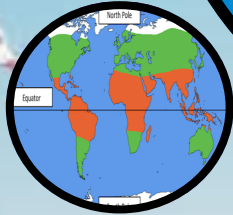

Multiplication—adding equal groups, using the 'x' sign and understanding arrays.

Division—sharing equally, dividing by 2, 5 and 10. and recalling odd and even numbers.

Fractions—recognise and find halves, thirds and quarters of shapes, amounts and numbers.

## Jigsaw

## Geography

Exploring the contrasting environments of Antarctica, rainforests, and deserts. Deepen knowledge of diverse climates, ecosystems, and the adaptations of both humans and animals to these environments.

## R.E

### Thankfulness

We will be understanding how and why Christians give thanks and learn about Harvest festivals around the world.

# Year 2

## English

We will be writing a fact file all about lighthouses and sharing these with each other. We will write a diary entry from Mr Grinling's point of view. We will write a recipe for a disgusting sandwich to help keep the seagulls away.

Our Christian Value this term is **Perseverance** and we will also be revisiting **Courage**.

## Cooking—pizza

## DT

## Science

Understanding the requirements of plants for growth, observing changes of plants over time, comparing the growth of seeds and blubs

## PE

Sending and Receiving, and Team Building

## Computing

We will be learning about how to make music using online programmes and to understand how we can use technology safely to communicate.
